

FRANKFORT's delinquent tax list in 1884, amounting to over \$8,000. In the past fourteen years, it amounted to \$41,900.

The Catlettsburg Democrat predicts a falling off of one hundred in the Republican majority of Johnson County over that of two years ago.

THOMAS and his fellow-"boodlers" are relying on money in the present fight, and if the "business" politician goes to Congress, he will make it pay. His past record shows he cares only for his own interest.

Does a tariff that robs fifty million of people for the benefit of a few rich capitalists protect the labor of the laboring men? If so under our present tariff laws, the laboring men have protection in immensity.—Exchange.

This Democrats of this district present a candidate for Congress of unimpeachable character, a man with clean hands, who has been tried and has been true to his party in every contest, a sober, discreet citizen. He deserves the support of the party and he will get it.

It is said that the anti-local option committee, who went to Cincinnati to solicit funds from the brewers with which to defend their interests here only collected \$250 in all—\$200 from Brenner, of Covington, and \$50 from Hauck of Cincinnati. If this be true, there will not be much money spent in the race.—Bourbon News.

REMEMBER that Charles Kitchen, of Carter County, is the Democratic nominee for Member of the State Board of Equalization. He is in every respect deserving, and competent to perform the duties of the office, and is a tried and true Democrat. He is the nominee of the party, and should receive its united support. The office is an important one. Vote for Kitchen next Tuesday.

Close up the Ranks.

A special from Washington City, to the Louisville Times says: "It behooves the Democrats to close up the ranks everywhere, and stand shoulder to shoulder. A decreased majority in the next House will tend to frighten off useful legislation and encourage Republicans. The news from the country at large is not as hopeful as it was a week ago. The Republicans are straining every nerve to regain their lost ground, and the Democrats in many parts of the country are spiritless and without means to carry the canvass. Several districts in Virginia and North Carolina may be lost in this way. In Democratic circles here a falling off of fifteen of our majority in the House is conceded, whereas a week or two ago a loss of only a half dozen was predicted. Kentucky must stand by her colors. Give Brothers Wall, Rhea and Botts a big boost."

NEXT Tuesday a Congressman is to be elected. For the past four years a large majority of the voters of this district have suffered themselves to be misrepresented by Republicans. At the last Congressional election the Republican candidate received 16,179 votes, or a majority of 106 over his Democratic opponent. No sane man will contend that at least 2,000 of these votes cast for the Republican candidate were not those of Democrats. If ever there was the faintest reason or excuse for such action on the part of Democrats, it certainly no longer exists. In Judge Wall they have a candidate entirely unobjectionable, and one of especial and peculiar fitness. His hands are clean of all sectional strife, a life-long Democrat, a gentleman of strictest integrity, of broad information and thoroughly acquainted with the wants and needs of the people of his district, to defeat him now with the malignant Republican demagogue, would be next to a crime. The interests of the party and the best interests of the people of the entire district alike demand the election of Judge Wall, and the great questions of national importance, which irreconcilably divide the two parties, appeal to the heart and judgment of every Democratic voter to support his party's nominee. Then glance a moment at the two men: Wall, canvassing and discussing in a manly, open, courteous way the issues of the day, mixing with the people and inviting criticism. On the other hand, Thomas, thoroughly identified with all that is objectionable in the theory and practice of his party, clinging to his life-long prejudices, and apparently afraid of his record and his cause, he has studiously withheld his presence from those he hopes to dupe into voting for him. The one candidly relying upon the intelligence of the people, the other upon the corrupt use of his money. Take your choice.—Owingsville Outlook.

Democrats, Attention!

The election of a Republican House this fall would give Congress to the Republicans during the latter half of what should be a Democratic Administration. It would annul nearly all that the Democrats have at last, after so many years' struggle, succeeded in accomplishing, and completely block the party in its efforts to carry out its pledges to the people.

It would give the Speaker, the committees and the Legislation of the House to the Republicans.

It would give the body which is to count the vote for the next President to the Republicans.

It would be a blow to the Democratic Administration and Democratic prospects, which would be exceedingly dangerous, and which might be disastrous, to our success in 1888.

It would encourage and enthrone the Republicans as nothing else could, and put them in perfect fighting trim for the Presidential battle.

There is no use in concealing the fact that the result of the Congressional election next Tuesday is extremely doubtful. Whichever party shall control the next House will do so, it seems now, by a very small majority.

The Democrats can not afford to lose a single Representative by internal differences and wrangles. Judge Halsell's friends in the Third District should recognize these facts and, at whatever sacrifice of their own preferences and feelings, unite on John S. Rhea and elect him. It is foolish—it is criminal—for them to throw away a Congressman from their district.

Whatever the case, Rhea is the only Democrat before them who can now be elected. Fidelity to Judge Halsell now is anything but fidelity to the party, and will surely result in the election of Hunter. Rhea's vote will be needed in the Fifth Congress, and it is probable that it will be needed badly. There are other districts throughout the country in which there are such squabbles as this. There is no denying the fact that these dissensions have gravely imperiled our majority in the next House, and we call upon the Democrats of the Third District, as we call upon quarreling Democrats everywhere, to forget their strife and see to it that they do everything possible to prevent the re-election of the Republicans to power in Congress.—Courier-Journal.

Laws Governing Vote for Congressman.

The voter must be by ballot. The voter must have the qualifications required in a State election. The ballot must be of white paper, with nothing on it but the name of the person voted for, either written or printed. The ballot must be so folded as not to show any part of the name written or printed on it. It is unlawful for any officer or other person, during the election, to so far examine the ballot as to see the name of the person voted for, unless with the express consent of the voter. The ballot boxes are to be kept locked during the election. Two or more ballots found folded together shall be rejected.

All in Line.

The frantic appeals of the "organ" to the "kids" and mungwumps show very plainly that the g. o. p. is in desperate straits. The "still hunt" didn't materialize very satisfactorily, and, as a natural consequence, the "organ" is on the rampage with an empty bag and a sore head. The "kids" are all right, Mr. Organ. They are actively at the front and doing yeoman service for the nominee of the party for whose principles they have ever fought. Some of them are hustlers you will find. And the mungwumps, too. That contingent will go for the best man. Judge Thomas doesn't carry them in his pocket, and they don't go down in their inquests for the Judge. The mungwumps insist upon "honesty and competency," and they find both in Judge Wall. As for the old liners, when did they ever cash? When did they ever fire upon their own comrades, or ask, like cravens, to the rear? When did a "true blue" Democrat ever desert his colors, or fall in any emergency, to stand by his guns? Oh, Mr. Organ, when the Democracy calls for the "old liners," she calls, like a great captain for her invincible reserves.

This people of Broken County are too intelligent and too well posted in current political affairs to be influenced by the Bracken Bulletin, which is on all sides of all questions, and is a Republican "for revenue only."—Times Democrat.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of pills and two bottles of the Discovery, he was well and had gained five pounds. The tobacco men of Bourbon are looking toward an organization for the purpose of limiting the acreage of tobacco to be raised next year. In the great convention of the Protestant Episcopal Church, in session at Chicago, the Committee of the State of the Church submitted a report on the proposition for the organic union of all Christians. The report recommends the appointment of a joint committee of fifteen to open communication with the various Christian bodies and ascertain whether there is a disposition among them for a union on the basis of the apostles' creed, the breaking of bread and prayer, and to also ascertain what benefit, in their view, would result from such a union. A minority report was also submitted, which, with the first mentioned, was placed on the calendar.

One of the most pleasant events in the social circles of the Sardin neighborhood, was the marriage last evening of Mr. Joseph H. Hitt and Miss Emma T. Clary. The ceremony took place in the St. Augustin Church in the presence of the immediate relatives and friends of the couple.

THE EVE OF A GREAT WAR

RUSSIA WILL TRY THE EFFECT OF POWDER AND BALL

The Situation in Bulgaria Again Alleged to Be Critical—Russian Troops on Their Way to Varna With Orders to Bombard the Town—Other Foreign Notes.

SOFIA, Oct. 30.—Gen. Kaulbars has telegraphed to the regency, advising the raising of the state of siege at Sofia and Varna. The Russian consul at Varna threatens to order the Russian warships to bombard the town unless the perfect permits for access of Russo-Bulgarian partisans to the Russian consulate, or if he tries to prevent the landing of sailors from the warships.

Gen. Kaulbars has sent a fresh note to the Bulgarian foreign minister, in which he says: "In view of the fact of the arrival at Varna of emissaries of the provisional government of Bulgaria and the spreading reports that the arrival of Russian gunboats at that port is of great importance, I am compelled to inform you that the said gunboats will vigorously affirm their right to enter the port, and should render such action necessary."

At a private meeting at Trnava of deputies belonging to the Government party, it was unanimously decided to adhere to the government's policy toward Russia.

Russian Troops Dispatched to Varna.

ST. PETERSBURG, Oct. 30.—The Herald, a German paper published in this city, says that there are four hundred troops of the Russian cruisers dispatched to Varna, and that they have orders to occupy that city if the Russians who were illegally arrested are not released.

The Coming Winter in Ireland.

LONDON, Oct. 30.—Mr. John Dillon, M. P., in an article which appears in the November number of the Nineteenth Century, says: "There are the strongest reasons for expecting that a large section of the landlords in Ireland, intent to enforce evictions during the coming winter. If there is to be a severe land war the new faith of the Liberal party will be put to a severe strain. Many liberal things will be said and in spite of all we can do to prevent, deeds may be done in Ireland which will shock them deeply. A very great responsibility rests upon the Liberals. If they will be strong in their faith and sufficiently wide in their sympathies to enter into the bitterness of an oppressed people, all will come right very soon, and Mr. Gladstone will live to see the two people's friends."

Portuguese in Trouble.

LISBON, Oct. 30.—The government is in receipt of advice that the petty king who rules over 20,000 natives at Estimote, a town at the entrance of the Mozambique channel, revolted against the authority of Portugal, attacked and defeated the Portuguese garrison, and is now besieging the Portuguese fort, which is surrounded by the hostile natives. A Portuguese corvette will sail hence immediately to reinforce the Mozambique garrison and restore the way of Portugal.

Advice to the Tories.

LONDON, Oct. 30.—Charles Russell, M. P., Home Ruler, speaking in London last evening, said it was evident that Randolph Churchill realized that his party must be of progress and in sympathy with the people. If the Tories dealt with radical questions in a thorough and honest fashion, the Liberals would not grudge them credit for it.

A Sensation in Spain.

MADRID, Oct. 30.—A profound sensation has been created throughout Spain by the simultaneous dismissal of the first-class sergeants from the Spanish army and other changes in the organization of the military service. Among these changes is the promotion of 1,300 sub-lieutenants to the rank of lieutenant.

All Creeds to Be Represented.

DUBLIN, Oct. 30.—A deputation of Presbyterians called upon the lord lieutenant and complained that they had not proper representation in the government service. The lord lieutenant replied that it was his earnest desire to have the most efficient officers of all creeds, and that should be represented in the government service.

Russian Dukes Abroad.

PARIS, Oct. 30.—The Russian Grand Duke Alexis has made a tour of the ports, docks and arsenals in the west of France. Grand Duke Michael is coming to France for a week's sojourn. Grand Duke Vladimir was expected to come, but his visit has been postponed.

To Protect Russian Subjects.

VIENNA, Oct. 30.—The Russian consuls at Rastatt and Bourges have been notified that Russian men-of-war are on their way to those ports to protect Russian subjects.

Pleading for Cluverius.

GOVERNOR Lee Beest With Appeals for Executive Clemency.

RICHMOND, Va., Oct. 30.—Within the past few weeks Governor Lee has received a number of letters appealing to him to commute the death sentence of Thomas J. Cluverius, convicted of the murder of Lillian Madison. The writers of these letters, most of them sign their names, live in this and states far south. The reason assigned in most cases for asking this clemency is that the evidence in the case left a reasonable doubt of the prisoner's guilt. A Baltimorean, who does not sign his name, concluded his letter in these words: "Just give him one more chance of doing good in life, and may God bless you, will be the prayer of one who is an entire stranger to all concerned."

A Mysterious Death.

CINCINNATI, Oct. 30.—The dead body of a man, apparently but slightly bruised, was found in a ditch near the Erie railroad at Bloody Run, just outside the city, at 8 a. m. The remains are unidentifiable, and there is doubt as to whether the death was caused by foul play, by a railroad train, by alcoholism, or by natural causes. Hagib's wagon went after the body and coroner will investigate.

Died of His Injuries.

BOSTON, Oct. 30.—Simon Morris, one of the three men who fell with the elevator at Nickerson's factory, died last night. J. W. Knowles, another of the men who was so severely injured, is reported to be dying. Henry Currier will recover.

A Bridge Superintendent Beheaded.

CHATTANOOGA, Oct. 30.—A horrible accident occurred in this city, by which Thomas McBride, bridge superintendent, lost his life. He was standing on the track examining it, when an engine of the Erie railroad struck him. He was decapitated.

Accused of Heresy.

KNOXVILLE, Tenn., Oct. 30.—Rev. J. F. Austin was put on trial yesterday before the Holston conference of the M. E. church (South) for baptizing a woman after she was dead. It was proved that the ceremony was performed over the dead body. Dr. Austin claimed that it was done at the request of the woman's relatives, and merely to soothe their feelings. The conference, however, refused to acquiesce in the act, and the matter was finally referred to a committee.

A Street Car Conductor Killed.

CLEVELAND, O., Oct. 30.—Harry Stockwell, street car driver, was run over by his car this afternoon, and horribly mangled. While crossing the viaduct one of the traces became detached and while Stockwell was fastened to the beam started up, dragging the man half way across the bridge. He died in half an hour.

Will Move to Philadelphia.

Mr. Corbin promises to leave the Reading large sums of money by a real economy which he will introduce. A Boiler's Frightful Work.

LITTLE ROCK, Ark., Oct. 30.—The boiler in the gin house on Fletcher's plantation near this city exploded yesterday, blowing the engine house to atoms and instantly killing Frank Waters and fatally wounding his wife. I was afflicted with a disease of the liver for nearly two years, when a friend advised me to take this medicine. It gave prompt relief, and has cured me." Mrs. H. M. Kidder, 41 Dwight st., Boston, Mass., writes: "For several years I have used Ayer's Sarsaparilla in my family. I never feel safe, even

At Home

Without it. As a liver medicine and general purifier of the blood, it has no equal." Mrs. A. B. Allen, Winterock, Va., writes: "My youngest child, two years of age, was taken with Bowel Complaint, which we could not cure. We tried many remedies, but he continued to grow worse, and finally became so reduced in flesh that we could only move him upon a pillow. It was suggested by one of the doctors that Scrofula might be the cause of the trouble. We procured a bottle of

AYER'S Sarsaparilla

and commenced giving it to him. It surely worked wonders, for, in a short time, he was completely cured."
